

yields more under dry conditions such as those encountered in South-western Alberta. Where moisture conditions are more favorable, the two are about equal in yield, while under relatively moist conditions Glacier is usually higher. Under all conditions, however, Compana is higher in bushel weight and has less hull. Compana is much more resistant to loose smut and also threshes more easily than Glacier. Glacier is not licensed for sale as seed in Canada because it is not widely adapted and is highly susceptible to loose smut.

In tests conducted by the Experimental Stations at Lethbridge and Swift Current, Compana has out-

yielded Titan in the very dry areas of the Brown Soil Zone. It produces a relatively good yield of grain with a high bushel weight even under very dry conditions. Since Compana does not shatter or lose its heads readily it can be straight combined without much danger of loss from wind damage.

Compana is very weak in the straw and is not suitable where moisture conditions are such that lodging is a problem.

It is moderately resistant to loose smut and moderately susceptible to covered smut.

THEY LOOK ALIKE!
THEY FIT ALIKE!
THEY ARE ALIKE!

If your John Deere Equipment needs parts replaced, you'll find it pays to replace them with only *genuine* John Deere Parts.

Why? Because each John Deere Part is the identical twin of the part built into your equipment. It's made from the same high-grade materials... from the same patterns and dies... with the same quality workmanship as was the original part it replaces. *Genuine* John Deere Parts are made to fit right... to last longer.

Check over your John Deere Equipment now. Get it set to go when the next working season arrives. Place your order with us for *genuine* replacement parts for your John Deere Equipment the next time you're in town.

WE USE ONLY *GENUINE* JOHN DEERE PARTS
IN OVERHAULING YOUR FARM EQUIPMENT

A Message to
ALL M.L.A.'s

During the past few years, the money voted for the maintenance and construction of highways by the Provincial Government has been equal to, or slightly in excess of, the total revenue derived from motor vehicles. THE RESULT:- Improved highways, improved transportation, and economic, educational and social benefits to all.

Your constituents will approve your support of a similar vote for 1949, to extend these benefits to many not already adequately served.

Good roads will mean progress for Alberta.

LARSEN'S ELECTRIC

"Everything Electrical"

SYMBOLS
OF
SAFETY

With icy roads, wet roads, slippery conditions — tire chains become a welcome symbol of safety. Yet even with chains, there are times when it's better not to travel. By providing modern, complete business services throughout the province, Treasury Branches have cut down unnecessary trips.

IT'S A GOOD IDEA
TO SAVE FUEL!

Grain, cream and poultry tickets may be cashed with ease at your local Treasury Branch. Service is fast and courteous at the Symbol of Safety.
